

INKSTER PARENT CHILD COALITION

A message to Caregivers:

If you have attended our programming in the past, we miss you! If you're new to IPCC, we'd like to introduce ourselves. We are the Inkster Parent Child Coalition and we provide free programming for children ages 0-6 and their caregiver.

In these uncertain times, we know that families are spending more time together at home. While this comes with many challenges, we are choosing to see the benefits of this situation! We hope you do too! Time together as a family is not always afforded to us with our usual busy everyday lives. We hope you take time to connect and play. We at IPCC have prepared a fun play-cation package for you with activities that focus on basic care, physical development, object recognition, healthy eating, and self care.

For more ideas or if you have questions, please reach out @inksterparentchildcoalition on Facebook and Instagram. Also feel free to tag us in any pictures and videos, we want to see what you're up to!

Take Care. Wash your hands. Play.

Roxanne & Colby, IPCC
