

Summer Education and Day Camp Activity Programmer

1.0 EFT

Term August 3rd 2021 to August 27 2021

Hours Monday to Friday 9am to 4:30pm

Summary of Job Description

The Summer Education and Day Camp Activity Programmer will develop and deliver a day camp program for individuals ages 6-12. The program will focus on preventing learning loss for students and improving education skills. The programs will focus on literacy, numeracy, science, art and health and incorporate many fun and engaging activities. The Programmer will work with a team to develop a curriculum. The programs will be offered to a set number of youth to keep public health and social distance guidelines. The programs will also focus on building social connections and resilience. The programs will be supported by NorWest Co-op Community Health Centre Resource Centre teams. Programs will run Monday to Friday 10-3pm. Applicants must be between 16 and 24 years old.

QUALIFICATIONS

- High school diploma would be preferred.
- Must be currently enrolled in a post-secondary education program.
- Experience working with youth.
- Strong communication and problem-solving skills.
- Empathetic, non-judgemental approach.
- Knowledge and experience with diverse cultures and economic backgrounds.
- Experience in recreation or nutrition is an asset.
- Experience or knowledge of program development and education.
- Experience with program delivery, especially with youth programming.
- Valid driver's license and access to a vehicle is required.

Submit resume and cover letter by July 26th 2021 in confidence to:
